Mr. Chason is co-leader of the Corporate & Securities - Technology practice for Pillsbury. He has represented hundreds of technology companies in securities and venture capital transactions, including mergers and acquisitions, private placements, public offerings, leveraged buyouts, venture funds and joint ventures. Mr. Chason's practice includes advising clients on consolidation strategies, auction sales and public company acquisitions. His clients include both buyers and sellers with a focus on technology companies and government contractors.

Mr. Chason also serves as lead counsel to one of the firm's largest clients, a prominent international financial institution completing myriads of complex investments in the US and around the world.

Mr. Chason's prior experience includes serving as a corporate officer and general counsel for Applied Bioscience International, Inc., a major public company engaged in clinical trial management and environmental consulting. As general counsel for Applied Bioscience, he was responsible for all securities counseling and merger and acquisition related representation.

Mr. Chason is actively involved in several organizations serving the technology and government contracting industries in the vibrant Mid-Atlantic region. He has served as a member of the board of directors of the Northern Virginia Technology Council, is a cofounder

of the Greater Washington Government Contractors Awards program and serves consistently on several other award program committees that bring recognition to successful companies in the Mid-Atlantic.

Mr. Chason is listed in the Chambers USA 2005-2010 editions in the areas of Corporate/Mergers & Acquisitions in Virginia and Northern Virginia.
